Gold Pride

"The spirit this year at Point Loma has been the best I've seen since I came here," commented Mrs. Huff, "it's really nice to see students getting involved in so many activities." One of the ways spirit was boosted was with pep rallies every Friday at lunch. Mr. Thumb and his Fingers, the Point Loma jazz band, and the cheerleaders entertained students and staff with songs and cheers. David Arney remarked, "I liked the last pep rally when the band played longer. It was really "peppy."

The new Drill Team added excitement to PL pep rallies and football games by doing dance routines to music. Dee Woodmansee, a Drill Team member, said "the team is really exciting, but more girls should get involved."

Cowboy day was an exciting time for many PL students. "This is the most I've ever seen people dress up and it gave everyone a chance to show their spirit by wearing

western jeans and cowboy hats!" commented Lynn Crakes. An added bonus to the day was the football game, when the Pointer Pack beat Patrick Henry for the first time in seven years. "It was so exciting, and everyone on the team was super happy because we haven't beaten them for so long," commented Joey Reddick.

Go For The Gold

Point Loma students began the football season with the famous Shoe Game against La Jolla High. Last year Point Loma walked away with the shoe, this year we returned it.

New students got a free ride to the game and arrived to find everyone was dressed in maroon and gold. The cheerleaders brought the crowd to a new high with their cheers and spirit. "The game was really exciting and I loved being peppy," remarked Cathy Dring.

As the first half came to an end, people in the stands became aware that the shoe had been stolen. The cheerleaders lead a chant to bring the shoe back, but the shoe was not found until four days later, buried in a sand pit.

Though the game was lost, spirit was still "sky high". "On spirit alone we beat La Jolla ten times over," stated Lora Lindskoog.

"PL" painted in maroon on the bleachers, a giant football painted in maroon and gold on the football field, students wearing maroon and gold at the games, and new students being welcomed to the campus were all a part of the new happenings at Point Loma in 1980.

Point Loma's students, staff, and parents showed their spirit and support by participating in pep rallies, athletic games, and Spirit Week.

Mr. Quon, the new vice-principal, arrived with a lot of new ideas for the school. With his help, a giant "PL" was painted on the bleachers in maroon. He also introduced pep rallies Friday during lunch. They were very popular and helped to build spirit for all P.L. activities.

As the school year began, many new students came to Point Loma for the first time. Ms. Holman, the ESL counselor, worked out a program to have the returning Point Loma students show new ones around and to make them feel welcomed. The New Students Guides spent time getting to know their new students and showed them around campus. "It was really fun and it gave me a chance to meet some new people," commented Danielle Noe.

Coach Huddleston helped the football team's spirit by painting a big football in the center of the field with Point Loma around it. "It added a nice touch to the appearance of PL's field and I think it boosted the football players moral," remarked Coach Hudd.

In The Beginning . . .

"Saying goodbye to 2 a.m. bedtimes and hello to 6 a.m. alarm clocks," was Jenee Cummins comment about returning to school. Todd Bechtal added, "Now I won't be able to surf at Nobes all day." Other students thought differently, and as Dina Sousa put it, "Coming back to school meant that I would see all of my friends who were gone or busy this summer."

Most students agreed that the summer went by too fast. "Hopefully. the school year will go by just as fast!" stated Billy Fox. But as the first week of school progressed, things began to cheer up and the old routine was back. "It seemed like everyone got settled and 6 a.m. didn't seem so early anymore," commented Sara Ashworth.

The first week of school ended with an all-school assembly. The coaches introduced their teams, and the cheerleaders showed their stuff. The Drill Team, a new addition to PLHS, 'Went Inside Out' with a dance number. "It was a good idea to have the assembly. Everybody got to see what was happening and the guys got to see the cheerleaders!" exclaimed Dain Spore.

"Spirit Week was really exciting. With so many people getting involved, it made it even more fun," commented Phillipa Moore. Election Dress Up Day, Hat Day, Tourist Day, and Maroon and Gold Day were all part of the week-long activities. During lunch, students participated in many events. A licorice eating contest, balloon stomping contest, lifesaver pass, ice cream eating, and a hula hoop contest got many students involved.

Homecoming half time started with the Drill Team marching out to the field to the music of P.L.'s band. They did a routine to Peter Gunn, a song by the Blues Brothers. Next the floats: Jr. Class, Film Club, Drama Club, Highlights, Key Club, Business Ed., & CSF. Jr. Class won the competition, with Film Club coming in close second. Kay-Kay Martin remarked, "It was super that so many people got involved." Next came the Homecoming Court with the King and Queen arriving in a Rolls Royce. "It was spectacular. Everyone was happy and everything went as planned," said Jamie Jenkins.

There once was a man whose heart was in exactly the same place where yours and mine could be bought. He left his hand in his head to keep his brain warm, but drew it back occasionally in mute disgust. always smiling. His friend once said about his girl: "If I could take my last breath from her lips, I wish to die." So he committed a crime: Reticent moans, dull blade caress, her fingers thrilled his confidence. Sleep in muffled innocence he'd gained a friend in consequence . . . At least he was faithful, possibly to himself.

It seems to me that people write the same old BS in these things year after year. Why doesnt someone come up with something half-way new? It's because most people want to be accepted by their friends. In other words, people tend to conform to the norm that society has set for them and so do I. Well, high school was a good experience for killing brain cells, and learning what no to expect in real life. Have a good life, all of my 21 year old friends, and call me when you've made your first million.

LILIA RIOS

Principal's Message:

High School should prepare you for life. We hope that you feel that Point Loma High School has helped you achieve to the level of your capabilities. Our desire has been to instill in you an appreciation for hard work, the joy of learning, and an intense desire to pursue excellence in your endeavors.

During its three year tenure at Point Loma High School, the class of 1981 has left many pleasant memories. We are proud of your accomplishments in both academic and extracurricular areas. Whether you plan to seek a job, go to college, enroll in a technical school, enter the military, become a household manager, or whatever, we wish you well.

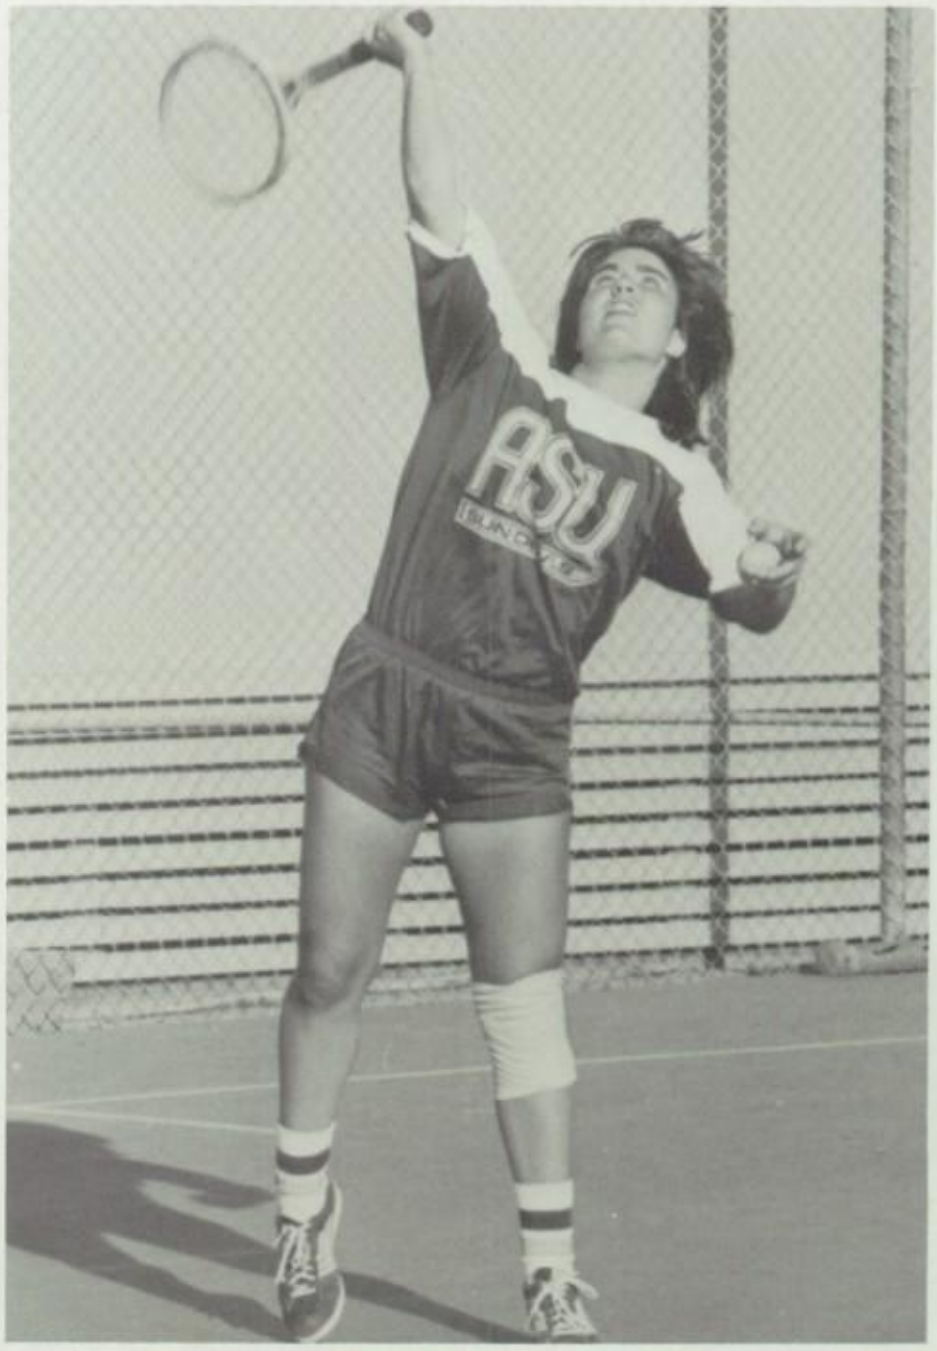
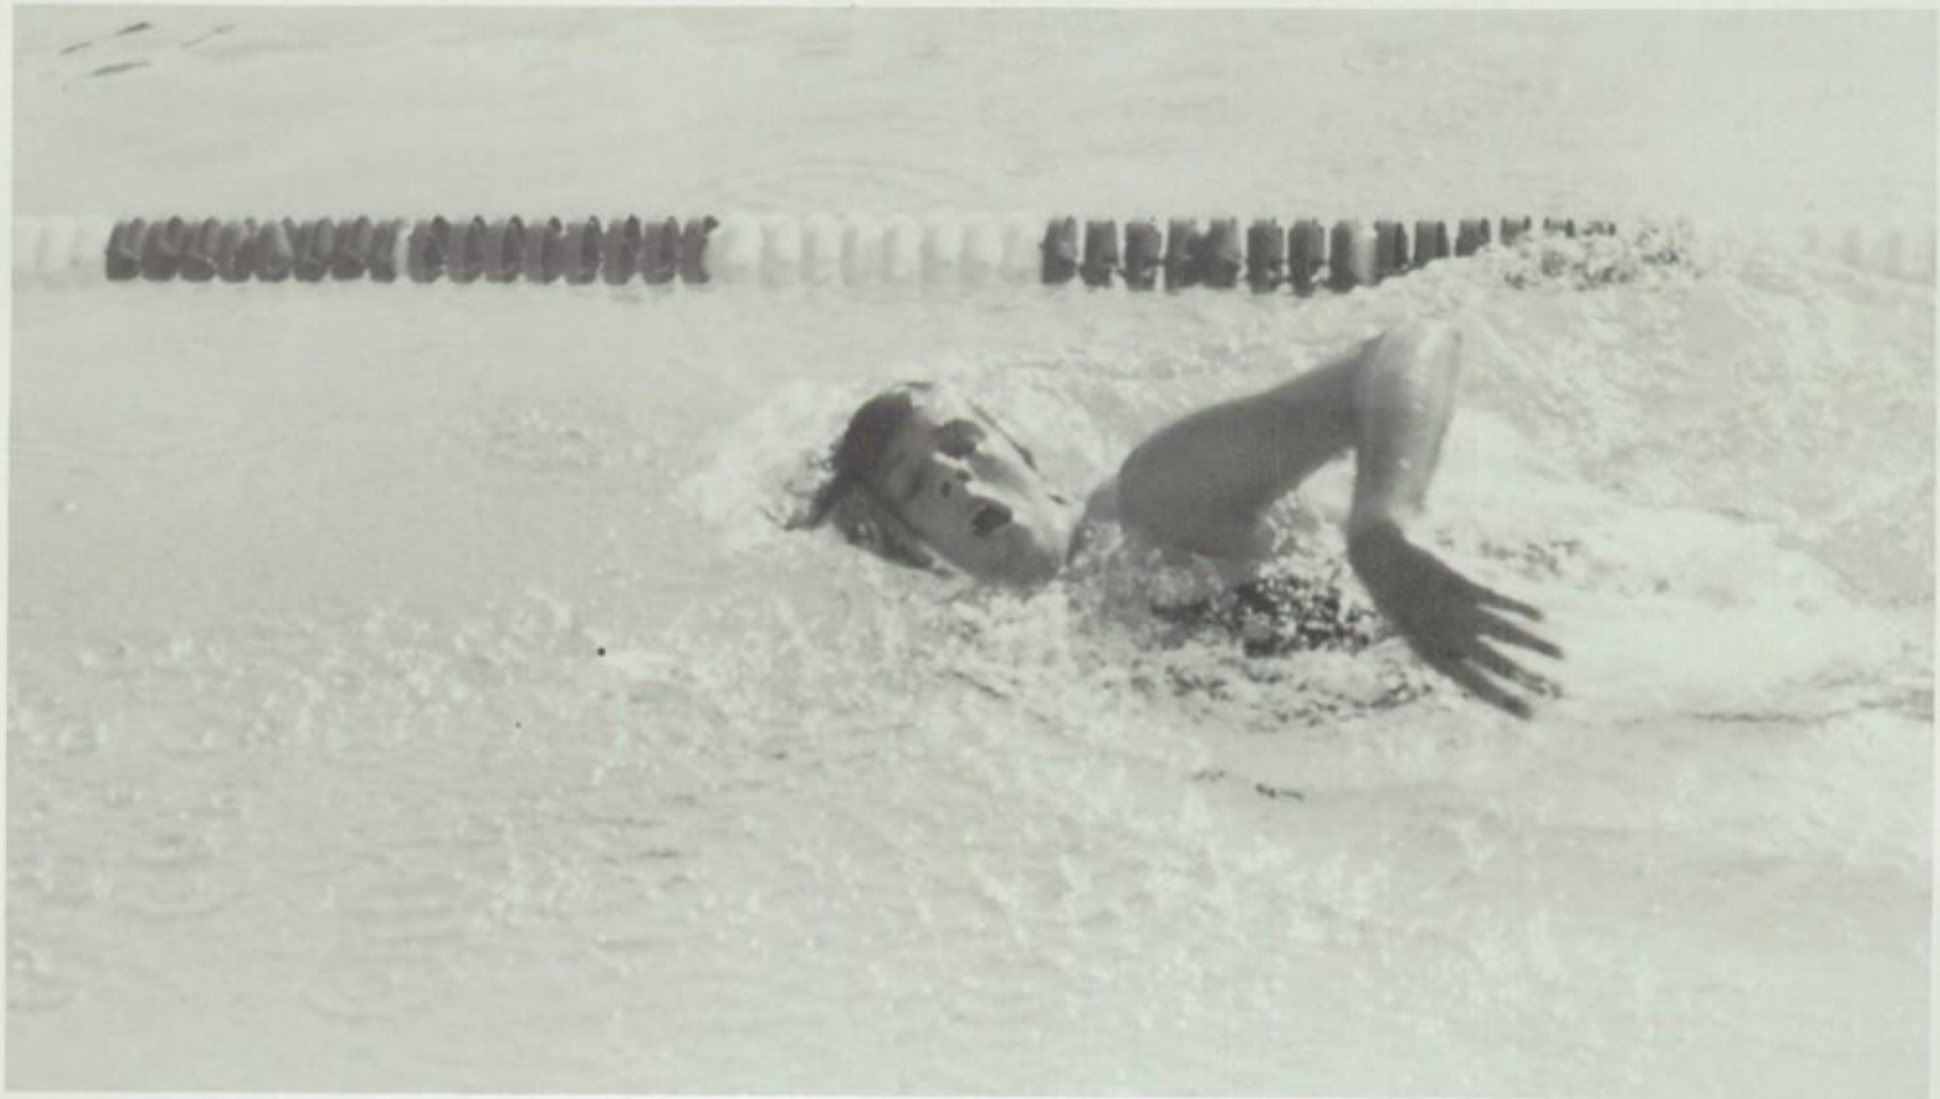
SPORTS





Pointer Pack Struts Their Stuff

"We had a really exceptional team this year. All of the games lost were within one touchdown or less," commented Coach Edens. He felt that it was due to a lack of fresh players in the fourth quarter.

Although Point Loma's win-loss record was not very good, there were a lot of talented people on the team. Eric Richter made a 52 yard field goal which tied the county record. He also made the winning kick in the Patrick Henry game.

Another standout was Jay Hibert, who won the Mike Ketteringham Award, for inspirational play on the field and dedication off of it. Commented Jay, "I was very surprised that they chose me because I felt I was only doing my job as capt. to remain with the team after my neck injury."

The highlight of the season was the annual awards banquet. Winners included: Golden Helmet Award, Bill Miller; Most Inspirational Player, Jay Hibert; Most Outstanding Defensive Back, Joey Reddick; Most Outstanding Defensive Line, Sam Balestreri; Most Outstanding Offensive Back, Cosimo Cutri; Most Outstanding Offensive Lineman, Ben Milam; League Best Passer, Billy Hunyady; 1st League Best Receiver, Peter Harris; Top Tackler, Joe D'Amato; and Most Valuable Scout Squad Player, Randy Prior.

Chip Hungerford summed up the year best by stating, "The thing that I'll never forget was the feeling I had after the Henry game. It just would have been great if we could have had that feeling after every game."

J.V. Football Plugs in Pointer Power

"This year was an excellent year. The team was very competitive, being one of the best teams Point Loma has ever had," said Coach Edens about his JV football players.

"The JV cheerleaders really did a lot to build up team spirit–they would always bake cookies," commented Derrick Riley, "so the team all pitched in and bought them roses." Quarterback Bill Bennett stated, "the most exciting thing of the whole season was when we beat Madison 30-0."

John Madruga and Bob Fuller received awards for team captains, and Bill Bennett for co-captain. When asked about the team's defense, Coach Edens said, "it was outstanding. They worked well as a group." With players like Raymundo Roldan, John Madruga, and Bob Fuller, JV football had an excellent foot in the right direction.

Bump, Set, Hit, Score!

In the highly competitive Eastern League Competition, the Girls' Varsity Volleyball team placed third and the JV placed second. "We had a great season, but next year we're going to be number one!!" stated Kim Dunbar. Varsity was headed by Amy Lamott and Anne Pitta, who both made the all Eastern League Team. Coach Craig commented, "But winning depends on a whole team effort, and each player complimented others' abilities, and did an outstanding job!"

The girls worked very hard, practicing everyday for at least three hours. Practices included warmups, running, drills, bleachers, "suicides" and "sometimes going an hour and a half without a drink of water!" exclaimed Jessica Silva.

1

The girls all felt they got along very well, "like one big happy family!" Being together for so many hours a day the girls learned to work together, to cooperate, and to have patience. Besides practices, the girls spent much time together. The teams went out to breakfast, lunch, and dinner at Straw Hat Pizza. They held their traditional awards banquet at Karen Holman's house.

Pointers Make Waves

"Team Work" according to Bob Niethold, the water polo coach, was the secret behind the groups successful season. Long and hard workouts helped them to win nine out of thirteen games. Brent Duckor commented "Coach Niethold was the main factor in psyching up the team." The group did very well in spite of the number of illnesses. Fritz Kunzel felt, "It was the poor pool facilities that made people get sick."

One of the hardest games the team played was against Crawford. In addition to the fact that Crawford was the best team in the league, the pool had an excessive amount of chlorine, that made it difficult for the players to see. The team came close to making it to the CIF finals, but in their game against Morse they lost by one point.

Team members credited one another for the group's good playing. Steve Vollie was picked for the most valuable player and Mike Ridel, most improved player. Fritz Kunzel felt that "Tony Drenth was a big help to the team because of his great speed.

"We Can't Be Defeated!"

Sore muscles, tired bodies and being out of breath, we were all part of the challenge of being on the girl's Number One swim team. The girls practiced everyday for two hours at the Mission Beach Plunge. Practices included relays, sprints, drills, "And lots of yardage!!" added Laurie Clark.

Laura Quijano, Karen Bregman, Sparka Hall, Laurie Clark, and Amy Kimball were five of the leading swimmers. All of them made it to the CIF finals. But winning depends on the whole team effort, and the girls proved this by having the Number One team in the Eastern League.

"The most exciting game had to of been our very last game against Kearny, we were both undefeated, and whoever won, would become Number One." Katie Moore replied. "We did win, and are Number One!"

Cross Country Strides For Good Season

The Boys Cross Country Team completed a rough season. The team had prepared well, but they found that the other schools had prepared just a little more. The team was led by one of the top runners in the league, Bill Woska. "The team ran hard and I was very proud that they made it to CIF finals," commented Coach Mitchell. Other outstanding runners were Sean Moriarty, Danny Brown, John Lasiter, Pedro Brankuas, Victor Rosa, Rob St. John and Mike McCleary. "We had lots of hard workouts and we gave it our all," said Victor Rosa.

After the meets the runners munched out and occasionally would get together for pizza at the Venetian.

Girls Cross Country Runs To CIF

Point Loma's Girls Cross Country team ran into a lot of competition this year in the Eastern League. The team felt strong, but found that other schools had prepared their runners well for competition. The girls did most of their practicing outside of school, running five to eight miles daily. At school they did 440's to improve their speed. All meets were held at Morley Field where the girls could be found stretching their legs. Some of the strong runners were Susan Cramer, Terry Walsh, and Jenny Pohl, chosen most dedicated. Kyle Silverman was chosen most valuable and Michelle Delaney was chosen most improved.

Making it to the CIF finals was the highlight of the girls season. According to Coach Peterson, "The girls worked very hard and I was very proud they made it to the finals." Susan Cramer commented, "One good thing about having a coach that runs is that he knows what he's talking about."

Badminton Season Is A Smash!

"Badminton was really fun, but we always got lost going to the games," said Peter May when asked about his experiences with the team this year. The group had an undefeated season with a 16-0 record. "They really worked hard and it payed off," stated Ms. Scanlon, "It was very rewarding to have a perfect season."

The team had time for fun outside of practice. "Before the games, my friends and I would go to Wendy's—I usually got stuck with the bill," commented John Cunningham. Team members had parties at each others houses and a victory dinner at the Tiki Hut Restaurant.

This was the second year that badminton was co-ed. "I think our team won because we had better players and we were more determined than the other teams," said Margie Evenson. Many members were juniors and sophomores and it's expected that there will be an excellent team next year also.

Tennis Team Courts A Successful Season

The Girls' Tennis Team was a smashing success this year losing only 15 out of 119 sets. "It was really great coaching a team with such determination to win," stated Mrs. Watson, after her first year as tennis coach. She continued, "Our two toughest matches were both against Patrick Henry. About all we could do to get up for the game was have a lot of spirit and lots of practice."

Some of the outstanding players on the team were Linda Clark and Silvia Maas, who placed second in CIF, and Debbie Dyson and Elizabeth Hill, who placed fourth in the Eastern League. The team voted Linda Clark most valuable player, Amanda McArthur most improved, and Elizabeth Williams most inspirational. Stated Karen Haynes, "It was a great year, I loved eating all the cookies before the matches. That was the best part."

Point Loma Pointers Go For Two Point(ers)

The Point Loma Basketball team reached for the top this season, but found that most of the other league teams had much taller players. Patrick Henry and Morse's average player was 6'8". It was tough for P.L. to do well against such tall competition. "For most games, it was all patience for both offense and defense" commented Coach May.

Returning Seniors, Chris Ghio, Chris Correia and Darryl Williams, with the help of sophomore star Derick Riley, strenghened the team's playing in league matches. Bill Hamlin stated "Everyone worked really hard and put in a lot of effort."

Oh, Shoot!

The JV Basketball team did very well this season, considering PL is in the toughest league in San Diego. Headed by Coach Aros, the team practiced everyday for two and one half hours. Practices included drills, offensive and defensive plays, and free throws.

"We had a good season this year, the team had a lot of talent and we worked well together." stated John Madruga. The team was led by Kevin Celestine, Joe Hunyady, Mark Fisher and Sidney Cooper. The group participated in several games before the season started, and won the Chula Vista Championship and placed in the Coronado tournament.

Coach Aros commented, "Point Loma is in the highest competition league, we expect to average 500, that would be a good way to finish the season."

Girls Softball "Strikes" Back!

This years girls softball was a big success. Three times as many girls tried out for the team, contributing to the overall improvement of both Varsity and JV. "We had a lot of talent and versatility, this year, which gave us a lot more variety, and challenge." quoted Mrs. Watson.

Varsity was led by pitchers, Janie Orwig, and Lynn Souza, returning players, Sweet Celestine, and Aleen Luckner. Competition was tough, but with excellent coaching from Miss Craig and Mrs. Watson the team learned to keep their heads in every play, to be ready for what ever was ahead of them, and most importantly to work together, as a team.

JV started out with an undefeated season. Kim Tufford and Taco Doran were alternating pitchers. Both teams were very enthusiastic and spirited, which helped each girls attitude towards the games.

Varsity Soccer Team Outshines All

"This is our best season ever," said team captain Eric Richter. The team did exceptionally well this year and won almost all of their games. The team practiced everyday after school working on endurance, drills and end of practice scrimmage. The team had a few problems getting to the games. Commented Eric, "Going to Clairemont the brakes went out on my car, I got there late and made the winning goal." Mike Birchett ended up in Imperial Beach trying to get to the Madison game.

Coach Leon said, "This is the best team I have coached, everyone has great potential." Explained Eddie Pappert, "Everyone gets along well and we really try to win. We had a few tough games, but everyone pulled together and we came out on top."

After the many grueling competitions team members relaxed sore muscles and tired bodies in Brian McCray's jacuzzi.

JV Scores A Victory

"Soccer is a fast, aggressive game in which you have to be physcially fit to play well," stated Raymundo Roldan. "This year's JV soccer team has got to be one of the best in comparison to previous teams—it's very difficult to tell the difference between the regular players and the reserve players," noted Coach Huddleston.

"I think we really earned our winnings because we're not a very tall team, but we're strong," Fritz Kunzel explained, "in my opinion we're the most in shape team."

"Winning the Poway tournament was really great," said John Crosby, who was the captain for that game, "I did two hat tricks in that game."

"Our strongest point was in defense, Raymundo Roldan is a strong goalie—one of the best at P.L.," Coach Huddleston continued, "this year has proved to be an excellent year, and I'm expecting 29 good players for next year's varsity soccer team.

Girls Basketball Scores

Girls Basketball, one of the most competitive girls sports at Point Loma High, did very well this year. Varsity had many talented players. Team captain Silvia Maas stated, "Coach Trepanier was responsible for the success of the team. He is a super coach!" The team practiced three hours a day, and worked very hard. They won their games by total team effort. Natalie Gates stated, "Coach "T" ran the right plays at the right time and with the cooperation of the team, this added to our success." They had a very positive season. One of the highlights

Wrestling Puts Forth Their Best

"My personal goal with the wrestling team was to gain experience, and be in better shape for next year," said Wayne Vanakin. "Most people think that you don't need any experience to wrestle, but you do. Even though we didn't always win, there was a lot of team effort," explained Charles Lenud. "Before tournaments, the whole team would go to Denny's for breakfast," Matt Zouvas recalled.

"At most games, we would lose points for not having enough players, therefore, we usually had to forfeit," commented Coach Brown. But, through all the defeats, there were a few moments of victory for the wrestling team. Scott Rusk, a first year member, took second place at the city tournament; Jose Tellez received fastest pin trophy at the Clairemont Tournament, and came in fourth place in a tournament at Lincoln High out of 14 city-wide teams.

Rifle Team Hits the Mark

1

"I like being on the rifle team because it is a good outlet, not very time consuming, and it's an individual sport where you compete against yourself," said Rod Fiori. He and other team members were proud of a fine year for the team. "After matches, we would all go out for pizza," Richard Williams commented.

Bill Saunders remembered, "It was funny when someone would shoot the ceiling, floor or anybody in the way. Bill was prosperous this year, betting Chief Quinlan. $10.00 a match and winning the bet.

Boys Tennis is an "ACE!"

For the past two years, Pt. Loma's Tennis team had reached the finals, only to be beaten by La Jolla. This could be the year the boys have been waiting for.

"The team had more depth last year, but Dave Kuhn, Kelly Jones and Matt McMahon all worked with the intermediates and raised their playing abilities. "That was the key to the whole year," stated Martin Felando.

Coach Sowle conditioned the team with two hour workouts and long distance running. The tennis team surprised a lot of people!!!

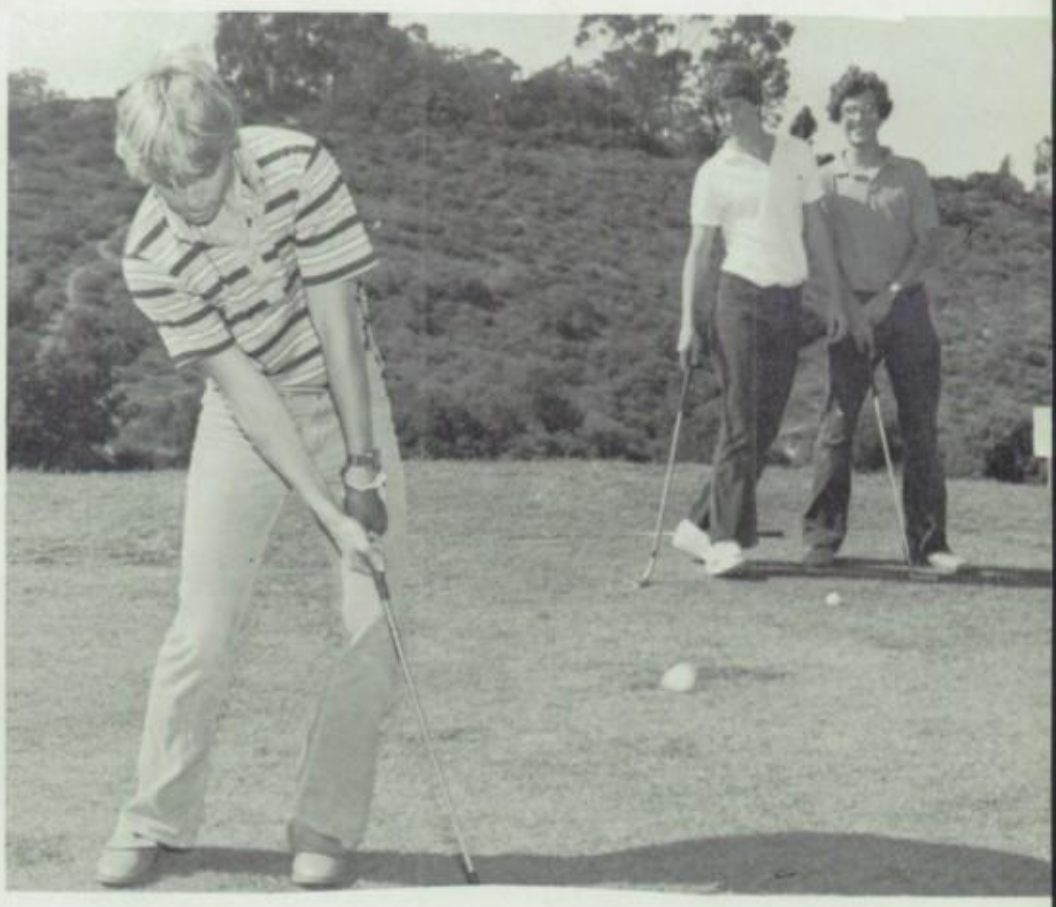
Pointers Putt It In The Cup

Practice and **tough matches** were two of the most commonly heard phrases from, the golf team. Coach Rewa felt that, "the team worked very well together and performed way above their capabilities". This year the teams were more evenly matched, which meant that the competition was much higher.

The team practiced everyday at Balboa Park, other schools, and at Mission Bay. Seniors Randy Dietz and Scott Rusk commented on how the long practices improved their games, "We started out with an o.k. score, but at the end of the season, we found that we had really improved."



6

Mr. Rewa was very supportive of his team. "He was our 'spiritual leader'! He kept us together as a team," exclaimed Scott Rusk. As a result of this positive attitude, they did very well this season.

This was a good rebuilding year for golf. "There is a lot of potential for next years team," commented Richie Gustafson, "I hope we do even better next year."

Go Kill Them Mighty Pointers!

The season's competition for the Boys Varsity Baseball team was tough. Thirty-five boys went out for the team, with only fifteen positions open. Returning lettermen for the team were Chris Correia, Peter Harris, Bill Hunyady, Bill Miller, Joey Reddick and David Welles.

Coach Morstad and Coach Scotty lead practices for 2½ to 3 hours a day. They consisted of drills, base running situations, infielding, batting, cut-offs and flys. Games were held on the Collier Field on Tuesdays and Fridays. Coach Scotty commented, "The team has a lot of potential, I really think we have a chance to take the Eastern League title."

"A win depends on a whole team effort and we all worked very hard to achieve that goal," stated Billy Hunyady. The attitude of the "Mighty Pointers" seemed to be very good over all both during and after practices. "It makes my job a lot more enjoyable!" replied Coach Morstad.

JV Baseball Is On The Ball!

This years JV Baseball team consisted of 17 well rounded and hardworking players. A lot of time and effort was put into practice and the games. The practices were led by Coach Tompkins and Coach Harrows at Robb field and consisted of running, batting and fielding practice. Games were held at the Collier field, when Varsity was away.

Coach Tompkins felt that part of the spirit was missing since Pt. Loma had no field, but was very surprised by the number of spectators attending the home games. The Collier field was very well taken care of, the dugouts were painted maroon and gold and new bleachers were installed, to create more spirit and participation at the games. "Having such a nice field to play on, made us all want to work harder!" replied Alan Beneventi.

The team showed an especially strong offense, but were faced with tough competition in the Eastern League. Coach Tompkins stated, "The boys have a lot of potential, I expect them to go far – they are a spirited group and fun to work with!"

Bendable Buddies!

The gymnastics team, coached by Ms. Scanlon, got off to a great start this season with many new members. There were new routines, which proved to be a big challenge. Marisa Paul stated, "It was really hard to learn all of the new and **hard** tricks, but we made it through and I know we did really well!"

Although the team practiced very hard and diligently, they found time to get together to have fun, and **eat**. The girls went out for pizza, to member's houses for 'after-meet parties', and to the beach. "I really enjoyed being on the team because we were not just members on a team, but good friends all of the time," said Wendy Turek.

The team had a great year with many fine performances. They all worked very well together, always encouraging one another. "It's been hard learning all of these new routines, but we all helped each other and have come a long way!" exclaimed Kathy Robb.

The girls appreciated all of the help they received from Ms. Scanlon and the two assistant coaches, Sally Morgan and Betsy Huggin.

PL Girls Make Strides In League Competition

1

This year's Girls Track Team was smaller than in past years, but they more than made up for it in their determination and spirit. Returning seniors, Alicia Collins, Kim Costello, Cathy Dring, Laura Quijano and Jamie Jenkins, along with juniors, Heidi DeMassa and Kimmie Frazee, covered the track well in their varying distances. "Running is really competitive," stated Alicia Collins, "and the team works hard together."

One asset to the team's performance was a new PL track, which also enabled the team to host some of the league meets here.

The girls practiced everyday after school on the school track. Practicing techniques, stretching out, starting in and out of the blocks and racing against teammates were all part of the job. "Hopefully more girls will join the team next year," commented Jamie Jenkins "There are a lot of empty spaces now, but all the girls running are really good."

Point Loma Boys Sprint To Finish

The Pointers started the season on the right foot under the leadership of Coaches Casias, Mitchell, Edens, and Peterson. Returning lettermen Jay Hibert, David Thoman, and Bruce Adams, with the help of many others, helped to make this year's squad very competitive. Commented Coach Casias, "The team is very coachable, they have good attitudes and are a lot of fun to work with."

One of the highlights of the year was winning and setting a new progressive relay record, at the Jack-In-The-Box Invitational Track Meet, by David Thoman, Ray Carls and Tommy Washington. Bruce Adams, who also ran in the relay, stated, "It was an incredible feeling breaking the record in front of all those people."

Team warmups, running laps and working out with fellow teammates were done in preparation for tough league competition.

PL Volleyball "Sets Up" A Great Year

1

"Volleyball is the kind!" commented Ken Posney. This year the volleyball team was seen practicing in the girl's gym during sixth period and on Sunday evenings. They practiced their passes, setting, spiking and serving skills. "I think that we'll be undefeated," commented Mike McGuire.

The games were not always easy. Mike stated, "I remember going to Kearney for a practice game. Nine people had to fit into a Mustang—it was really funny."

Blood was shed in the gym when Rex Repaire dove for a ball, hit his chin on the floor. He was patched up with a few stitches.

"Since there are a lot of returning players from last year, I feel that with practice we will be a really good team, and it will influence people to go out for volleyball next year," said Dereck Allen.

Different Strokes For PL Folks

During the spring, the PL swim team could be seen horsing around, playing chicken and Marco Polo at the Peninsula YMCA. They also did laps, timed meter swims and stretching exercises. Todd Koch recalled, "Coach Niethold didn't like to stand in the rain when we did our laps, so he always stood under the roof."

"Everyone put forth their best efforts and swam well," remembered David Norris, "but we didn't have enough people to receive many points in the meets." This year the swim team had fewer members than in previous years, because many of the proposed players opted for other sports.

"I think most of the sophomores and juniors will return next year, when they will be joined by many promising up-coming sophomores," commented Rick Bregman. "Every year the team looks forward to seeing Tony Drenth arrive in a new car, having wrecked his old one," said Marc Fountain. He continued, "I'm looking forward to seeing Coach Neithold celebrate at the end of the season."

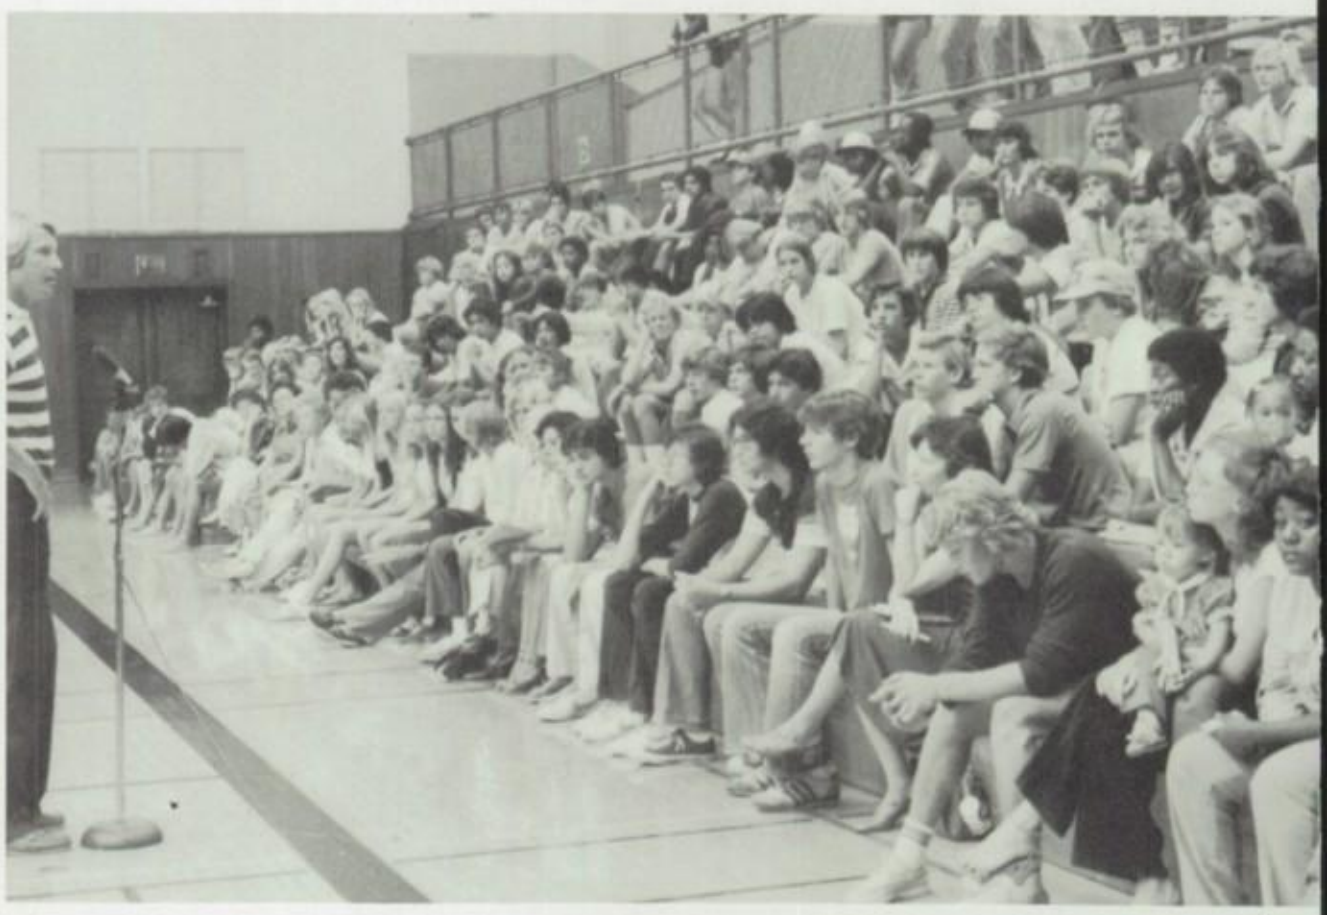
Pep Rallies Raise A Cheer

This year's pep rallies were held before the Shoe game, Homecoming, and various football, baseball, and soccer games. Featuring team captains, cheerleaders, and the PL drill team, the pep rallies were dedicated to get people to go to the games, show school spirit, and to try out for next years' teams. Mr. Thumm and the Fingers provided music for the events.

"Nothing was really difficult to pull off because everyone pulled together to make it as easy as possible," quoted John Howard, a member of the spirit committee who



1

helped organize the rallies. Cheerleader, Nancy MacDonald commented, "the funniest thing that happened was when some football players did a routine to 'Who Shakes The Best.'

"This year's pep rallies were more informal than in previous years," remembered Jay Hibert. Cheerleader Cathy Parish summed up her feelings about the rallies, "I think it's really good that people got so involved this year, and I hope more people go out for the teams next year."

Pointers In Action!!

"Our spirit is sky high" was the theme at Pt. Loma High this year. There were many different activities planned which helped to make this a very exciting and successful year both during and after school. Several hour lunches were held to accomodate such activities as contests, pep rallies, and various bands.

"Spirit Week" included an ice cream eating contest, a lifesaver pass, licorice eating contest, a balloon stomping contest, dress up days and the Homecoming dance.

There was also a "Battle of the Classes Week." There was a float decorating contest, a Halloween dress-up day and contests between the class presidents. Many of those activities were entered by classes, with the Junior class coming in as the overall winner.

The year started out with "The good-bye summer dance," put on by the cheerleaders. Then came the Homecoming and Sadie Hawkins dances, both held in the big gym. The A.S.B. Ball was held in a new and original location—on the U.S. Berkley. Yearbook staff held their "2nd annual benefit costume dance," and the PTA sponsored VEEP dance. Last, but not least, the Junior and Senior proms.

There were also many fund raising activities on campus. The Key club sold mistletoe at Christimas, the cheerleaders sold candy, banners and tickets to Clippers basketball games. Yearbook staff had a picture sale. Sponsored by the French Club were "Valentines for your sweethearts." The senior class sold carnations on St. Patricks day. The Drill team raised money by selling carnations at graduation. El Portal and Highlights

both held a car wash, and the athletic teams sold stuffed animals, shorts, socks, hats, bags, and glasses. Boys atletics held a Lift-a-Thon to raise money for the Football Dept. There was also a penny contest to see which class could raise the most money. And, the Jr. class showed a 3-D movie "It Came From Outer Space."

"Everyone contributed and did their best to try and get everyone involved, which can be very hard at times!!" commented Cathy Parish, Varsity Cheerleader. The cheerleaders, Drill Team, Football team, Spirit Committee and the A.S.B. all played a big part in the planning and carrying out the many activities planned for the year. "I really enjoyed being a part of this year's A.S.B. and choosing the activities," replied Sandy Roberts, Jr. class President. (continued pg. 190)

GROUPS

Spirit Soars With ASB

With an incredible amount of spirit, the Associated Student Body had one of the most productive years ever. Planning hour lunches, Homecoming and Spirit Week, Proms, dances, TJ can food and clothing drive, and the Penny Drive for the Victory Flag Pole were just some of the activities the ASB planned to raise more spirit at Point Loma High. "It was so much fun being involved in all of the activities even though there was a lot of hard work that had to be done," commented Carol Decker, Commissioner of Student Activities.

Coach Peterson was very enthuistic about working with the multitalented students involved with the ASB. "Everyone has done a terrific job to raise school spirit and I think we have had a good year." Jamie Jenkins, ASB President, added, "Our goal of raising school spirit 100% was reached and we had a lot of fun doing it. Everyone was really cooperative and super spirited!"

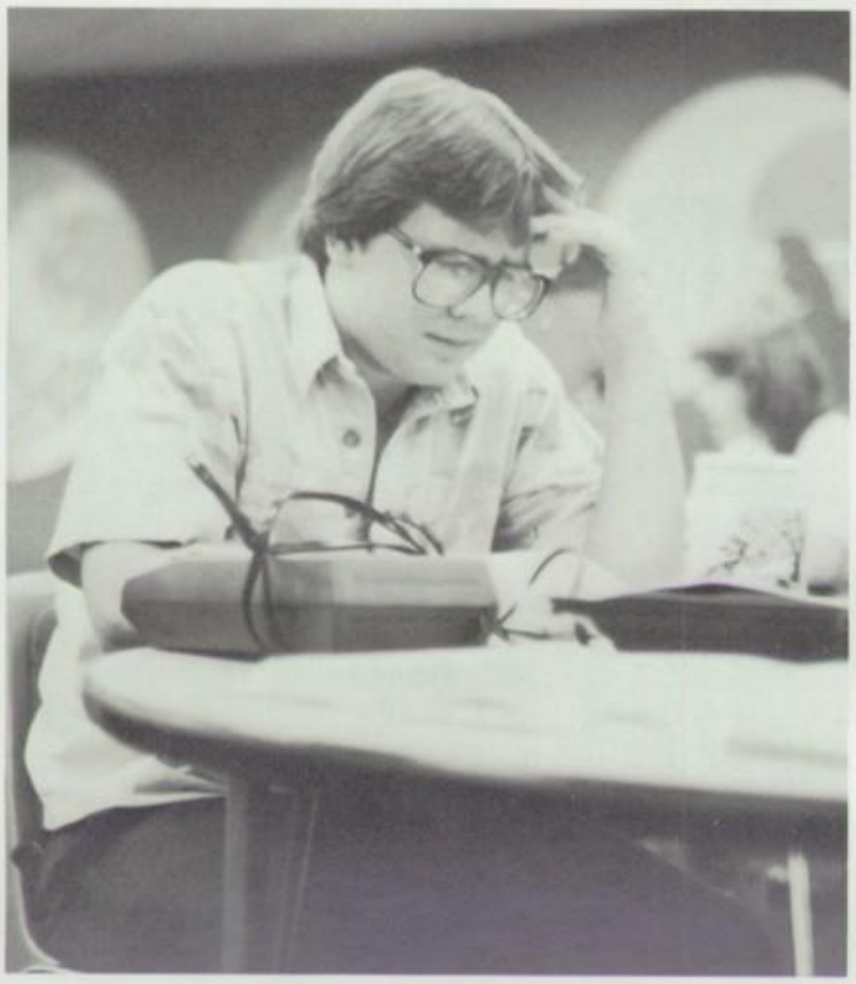
The Paper Chase

Getting news out to over 1500 students, making it interesting, and, most of all, having it read, was a hard and challenging job for the Pointer staff. With a group of very talented students, led by Mrs. "Woody" Woodward, this year's Pointer proved to be a very successful newspaper.

The staff learned what printing a paper was all about. Much time and effort was involved taking pictures, writing articles, and meeting deadlines!

"There are a lot of very talented juniors this year, so next year's paper should be better than ever!" quoted Karen Kunzel, this year's editor. Having a successful newspaper depended on the whole staff's creativity, ideas, and their ability to work together.



2

"This year's staff has been the most outstanding, hard working and sincere group of people," replied Mrs. Woodward, "that I've worked with in a long time!"

El Portal Expressway

This year's El Portal got underway with the planning of an all color senior section. During the summer the editors, Donna Doloszycki and Tracie Turner, went to Santa Barbara and got together with other yearbook editors. In September they taught the staff how to do layouts, write copy, and take photographs. "This year has been so much fun! Everyone started from the beginning and we think they got many benefits from it. We've also learned about leadership," stated Donna Doloszycki and Tracie Turner.

At the end of the year, the staff members organized fund raising events, such as a picture sale, candy sale, May Day flower sale, and a dance. Leona Buffington summed up the year best by stating, "The class required a lot of personal time, but in that time I've learned new things that I never knew about and how to put a good book together."

Club Skis at Mammoth and Park City

Members of the Ski Club hit the slopes again for the third year. Led by Herb Hall, the group went to Park City, Utah and, after a small delay due to lack of snow, went off to Mammoth.

The students raised money to help ease the financial burden by having a carwash, several bake sales and a very successful tote bag sale.

The skiers got to test their courage by either lying in the snow or diving into a frozen pool, then jumping into a jacuzzi. "The ski trips were a lot of fun," stated Amanda McArthur, "everyone got along super well."

When the clock struck 12, the Ski Club began the official club game of "spoons." Eating contests were also held at Whiskey Creek Restaurant in Mammoth. "Skiers who misbehaved were taken to the Cornice in Mammoth or Jupiter Bowl in Utah and left there," commented Herb Hall.

Stand Up and Cheer!

The new school year brought many changes for the Varsity Cheerleaders. The stands at the games were filled to capacity and the enthusiasm of the students seemed to be up 100%. "The crowd really pepped us up," commented Lora Lindskoog, "and there were two additional cheerleaders on the squad, which only helped to make the group louder and more spirited. In addition, pep rallies were planned for each lunch hour during the football season. Part of the girls activities were painting signs for the games, selling pom-poms and ribbons and decorating the boys locker room. According to Lisa DeVito "It takes a lot of extra time baking cookies, learning cheers and planning pep rallies, but it's all worth it." Many days the girls practiced after school. Some of their responsibilities are to cheer for basketball, baseball, soccer games and wrestling matches. They also attended a 3-day cheer camp at U.C.S.D. and won many ribbons for the outstanding effort.

We Are PL's Junior Varsity

"Spirits what we're yelling for!" was the chant heard often by the 1980-81 Point Loma Junior Varsity Cheerleaders, hoping to create more spirit throughout the school.

"A lot more people attended the JV football games this year, which made cheering a lot more fun!" quoted this year's enthusiastic Pointer mascot, Deonne Kahler.

Much time and effort was put into the preparation of each and every game. Candy, cookies, and posters were made each week, contributing to help make it a very successful year.

"Most people don't realize just how much time is put into cheerleading," said Karen Niccoletti, it's just not all fun and games!" The girls attended a three day cheer camp at UCSD, and spent most of their summer learning new cheers. They practiced 7th period and sometimes after school.

Besides cheering at the traditional football games and basketball games, they also cheered at soccer games, wrestling matches and baseball games, raising the school's spirit "Sky High!"

P.L. Drill Team Dances Their Way Into Spirit

A bright new addition to the football games this year was the Drill Team. For the first time in fifteen years girls joined together to perform dance routines to such songs as, "Up Side Down", "Rock Around The Clock", "Knock On Wood" and "Superman". They dedicated a lot of time and effort to perfecting their routines, and it showed. The group started to work on their dances during the summer and practiced all through the football season.

They worked on raising money for their uniforms by selling flowers, candy, candles and popcorn. "We all are getting along just fine, and we all enjoy working together and putting together dances that look colorful," said Chimene McClanahan. Cindy Alantias and Ms. Sullivan were the group directors. "It takes lots of hard work and energy to get all the moves going at once," commented Cathy Cornell.

We Ought To Be In Pictures!

"Film Club has introduced me to some good movies and it has taught me to judge movies on the basis of quality," commented Sally Kapitzke who, along with the other members, viewed current films in local theaters once a week. Afterwards, the group wrote evaluations of each film and discussed them at meetings. Reviews were often printed in the Pointer for other students to read and respond to.

The club saw such new releases as **Ordinary People, Elephant Man,** and **The Competition;** all of which they voted as the best films of the year. The club selected the **First Family** to be the worst film.

Other than watching movies, the club helped with the food for the holiday potluck dinner held in the school cafeteria. For half-time entertainment at Homecoming, Film Club also entered a float called **Close Encounters of a Pointer Kind.** "It was interesting and we should have won the float contest," stated Mark Seignious.

Highlights "Help Out!"

A candy cane sale, garage sale, homecoming float, Christmas caroling party, and Christmas dinner for needy families were all part of the traditional activities of this year's Highlights.

"The main purpose of Highlights was to provide service to our school and community," stated Ms. Woodward. "The girls all got along very well together," she added, "when they were all there!!"

The girls met every two weeks at different members houses to plan upcoming activities. Meetings were led by 1st semester president Relinde deGreef. At the end of the year, the girls held a picnic for the seniors, and a tea for the senior alumni members.

"Highlights was a lot of fun and I met a lot of new and different people this year. It was a good way to finish off my senior year!!!," quoted Cathy Chapman

PL Band Steps Forward In Time

"Everybody has put forth a fine effort, they are hard working, and get along very well," stated Mr. Thumm about the school band. This year the band performed at the Ocean Beach Christmas Parade, the Portugese Parade, Band Night at the San Diego Stadium, and various football, basketball, volleyball and soccer games. At football half times, the band changed from formal uniforms to casual sweatshirts, and were joined by the jazz ensemble and drill team for a more contemporary look.

"I joined the band because I really enjoy music and have a lot of fun playing at Point Loma," commented Delmar Rose. Mike Gonsalves, the president of the band, organized the band for parades, field trips, and playing at sports events.

"My goal is to turn the music room into a music center, so that anyone may come in at lunch, or before and after school, and play music," expressed Mr. Thumm. He continued, "I'm pleased with the band as a whole, everyone co-operates and really tries. The band is open to anyone who wants to learn."

All That Jazz

The Jazz Band was composed of about 20 musicians who provided entertainment throughout San Diego. The group performed at several private parties, a ground breaking ceremony for the City of San Diego, with the City College Night Band, and at school.

A smaller group formed from the Jazz Ensemble members was Mr. Thumm and His Fingers. The group members were Glen Fisher, David Sandage, David Arney, Neal Pollack, and Peter Miesner. They specialized in performing at lunch time pep rallies. "There is a lot of creativity and enthusiasm performing with this group," stated David Arney. All would agree that the group is a welcome addition to PL.

This newest performing group on campus is devoted to learning and performing a wide variety of music from latin countries, especially Mexico. They perform traditional love song's, up-tempo numbers, like "Roncheras," and even an oldies "50's" medley, to reflect contemporary tastes.

The Rondalla performed on campus for lunch time concerts, Music department festivals, and open house.

Key To The Community

"I found it interesting, but sometimes nerve racking." was Mr. Shank's response when asked what it was like to run Point Loma's Key Club. The Key Club was originally started in the 1950's, as an all boys breakfast club, consisting of about twenty top grade students. It wasn't until 1972, when Mr. Shank took over the club, that girls were welcome. This year there were a hundred girls and eighty boys.

The club served the community in many ways, probably the most successful was that of working at the Twelve Nights of Thrills Haunted House. The club also helped a great deal with The Special Olympics. Mr. Shank felt that, "The community really appreciated the work we do."

The Key club went on several fun trips. One was a day trip to Disneyland. Debbie Lastings added that, "It was a fun trip and a lot of people went."

The Key Club had two fund raisers, a mistletoe sale at Christmas and a ski film in the performing arts center. Michelle Bolton, the Keywanettes President felt, "The Key club was full of accomplishments, unity, and everyone had a good time."

Parlez Vous Francais?

Led by Mrs. de Laurier, the French Club was very cultured this year. With French food tastings, films, and trips to museums, they got into the French spirit. Stated President Kristin Kalla "The emphasis of the club is to get people interested in the French culture."

Two of the highlights of the year were a fonue party and planning a trip to France for the seniors in the group for the summer of '81. One of their main fund-raisers was to sell French Valentines for February 14th.

Dancers Show Style

Dance Productions, led by Mrs. Scanlon, did more than their share of showing off Point Loma talent. They performed at Dana and Collier Jr. High, at P.L. during an hour lunch, at the P.L. fashion show, P.L. culture evening and at University Town Center during dance week. "A big part of dance productions is performing the routines that we choreograph ourselves," stated Laurie Barrett. "It's a lot of fun and the audiences really appreciate our time and effort."

Dance Productions is a year-long gym class which meets 5th period. Anyone can be in it, though Ms. Scanlon prefers students that have had some dance experience. With help from the girls, Ms. Scanlon picks music and the students add their favorite moves to produce some great routines.

The girls often give up their lunches in order to rehearse. "It's a lot of fun to work with the kids," commented Ms. Scanlon, "I get to see the girls progress and they're really enthusiastic."

Stars In Heaven

When Miss Bradley, the drama teacher was asked how she felt about teaching drama she commented, "It has its ups and downs, but I love it." The drama department put on two productions, **Heaven Can Wait** and **Star Spangle Girl.** Tony Paulerio, the lead of **Heaven Can Wait** added that, "It was really fun working on and being in the play."

The Drama department spent about four hundred dollars on each play. Most of the money went to paying for royalties. The flats for both plays were borrowed from other schools. Also, a large help to the production of **Heaven Can Wait** was "Greta Berlin."

The cast of both plays had several cast parties and trips to Swensons. There was a real family unity among the actors and actressess. Miss Bradley felt that everyone worked well together.

Point Loma Singers Are A Sell-Out

"I think this year is successful because we all are willing to work hard to be good," commented Karen Trent about this year's Point Loma Singers. The group performed at Bullock's, the Ramada Inn, Collier, Dana and at school shows. They also presented a musical revue of the songs from "Oklahoma."

"At a school performance, Mr. Mote sang one note too early and everyone just cracked up," stated Anthony Lacerva. "When I was a sophomore, my friends and I hung around Mr. Mote's room because we really liked singing," remembered Erica Bennett. "We joined the PL Singers and found it is one of the classes we really look forward to."

5

The group used to be the Madrigals, which is a style of baroque music. This year the group sang songs from Broadway musicals and pop recordings, so Point Loma Singers seemed like a more appropriate name. When asked about this group Mr. Mote replied, "I believe there is a great deal of talent that is being put together, and my goal is to have them become the most outstanding school entertainers of San Diego."

CSF Earns An "A"

CSF is Point Loma's honor society. The requirements for membership each semester are three A's and one B, and citizenship grades of S or higher. Members of this organization are eligible for national scholarships as a result of their membership.

The group met often and had planned a couple of activities for the year. The annual Disneyland trip was February 20th, and many field trips and parties were planned.

"The students in CSF are very reliable and enjoy being scholars," commented Mrs. Fowler, CSF advisor, "I don't have to play nursemaid, so its fun for me too."

This year marks the 60th anniversary of CSF. Many members of CSF have parents that have fond memories of the good times and good friends they made while in CSF.

"We have lots of fun activities." stated Michelle Bolton. "We went to Disneyland, had a float in the Homecoming parade and went on a lot of field trips."

ROTC-Ready To Serve Our Country Well

The main goal of the N.J.R.O.T.C. is to learn about the Navy and train to be a regular member. The class is made up of three different groups: Color Guard, Drill Team and the Staff.

The Color Guard has had three different performances. One was at the Bahia for an awards ceremony, another at the flag pole and a third was a Massing of the Colors where everyone, including the Boy Scouts, showed their flags.

The Staff was there to organize things and make sure everything ran smoothly. Some of the activities they planned this year were a picnic in Bakersfield, Boot Camp during Easter vacation, ROTC Ball, and a Christmas International where everyone brought food from different countries. Brend Blackstock commented "It has been really fun. We do things with all of the other platoons and groups from around San Diego."

Comm. Wiram had one word to describe the excellent group of students that are in ROTC,—"Outstanding."

Speak Up Point Loma

"The whole key to being a good speaker is being prepared," stated Mrs. Davis, instructor of the Speech Team. "Being able to freely and confidently express yourself in public can make you more comfortable around people," added Carol Votaw.

The Speech Team competed in many competitions, including Rotary and Lions Club, for money and trophies. Some of the members, including Carol Votaw, Michelle Bolton and Karen Nicoletti went on to Masters Competition and competed for scholarships.

The students were able to select their own topics for presentation in the competitions. It took a lot of practice to get ready for each event.

Night Life At P.L.

"In its first year at Point Loma, Evening High School has helped a great many people," commented Dennis Donely. "The students good behavior and consistent attendance have made this program a success." Night School provides an alternative instructional program for currently enrolled high school students and for adults. Instruction is individualized and contracted. The students must satisfy both hourly and course requirements. "There isn't any pressure on you," stated Elizabeth Vaz, "so it is a lot easier." Night School offers English on Mondays and Wednesdays and Social Studies on Tuesdays and Thursdays. Both classes meet in the Media Center from 9-7pm. The program has an enrollment of 40 students. Bob Quon is the administrator in charge, Robert Becker is the counselor and Dennis Donely is the instructor.

Human Relations and ESAA Interact With Students

ESAA, also known as the extra effort, was set up by the Federal Government to provide financial assistance to school districts with desegregation plans. The money coming to Point Loma was used for smaller classes, more teachers, more instructional material, and special programs to reduce racial isolation. The program has a committee which aids in the decision of where the money should be spent. "It has been really interesting learning about the program and how to spend money effectively. We have had a lot of fun doing it!", commented Nancy Bugel.

The Human Relations Committee's primary concern is to work with the cite plan and bring about a better understanding between students at P.L. Some of the activities they did this year were to cover students books, paint trash cans, have a spring picnic, and help the Spirit Committee paint PL on the bleachers. "It's been very hard work, but well worth it. I think we had the most fun when we sponsored the Hour Lunch," added Philippa Moore, Commissioner of Human Relations.

Spirit Committee Adds Peppiness To P.L.

The Spirit Committee was a new addition to Point Loma, which was incredibly successful. They held meetings at lunch and anyone was welcome to come. One of the many activities that helped PL raise school spirit was the painting of a giant PL on the bleachers before Homecoming. Another project that was well received by the student body was a big Pointer Dog that was painted on the big gym wall.

Richard Marcelino, the student chairperson, was very excited about all of the enthusiasm. "Everyone worked so well together, and I think we got a lot done," commented Richard.

Ms. Woodward and Mr. Quon, the group sponsors, had only good things to say. "We really enjoyed working with these dedicated students. They have done a lot for this school," said Mr. Quon.

Another activity that they raised money for, in the form of a penny drive, was the victory flag pole. This was one of the larger activities the group participated in. "This group brought us all together. We all made new friends and had a lot of fun! If it wasn't for Mr. Quon, Ms. Woodward and Luis Elizondo I don't think we would have gotten anything or as much done as we did," commented John Howard, person of the Quarter.

BiLingual Magnet: Two-Way Communication

The BiLingual Magnet Program at Point Loma has been very successful this year fulfilling their two objectives. One, that students will have developed an appreciation for the culture, and two, that they will be as nearly bilingual as possible. The students are enrolled in two classes which are taught in both English and Spanish. "We've become really good friends in three years and enjoy weekend and day field trips together," commented Carla Wieseler.

The program doesn't have any problem attracting stu-

dents, but the buses have had one small river to cross. "The buses used to be late, but now come on a regular schedule, and they are provided when the school has night activities," said Alma del Rio. The program has grown fast along with the warmth and interaction between students.

Paul Moraga, a sixth year Spanish student, added, "I think the teachers have learned a lot, along with the students. We've come a long way!"

The winners of the **1981 Science Fair** were Amy Kimball, who did a study of limpids; Donna Valdez, who built two solar collectors which tested the winds effect; and Andy Lewis and Russ Arden, who developed a computer program to compose music. All four winners were given a chance to enter the Greater San Diego Science and Engineering Fair in Balboa Park. Commented Donna, "To do my project I had to read a lot, write up charts, keep graphs and run around town looking for an anemometer (a wind speed measurer).

The ASB store experienced a big change this year, no candy sold after 7:30 A.M. and no carbonated drinks sold until after lunch. This stirred up some controversy in the school. "I think the junk food ban is good because people should watch what they eat and eat more nutriously," commented Korinne Madruga. Leanne Rodgers disagreed, "I don't think it's fair. If students want junk food, they'll just go somewhere else and get it."

This year's winner of the **Girl's State Nomination** was Natalie Rusk. She will be going to Sacramento for one week this summer, where she and other students from California will form a model government. Candidates for this award were nominated by their teachers, interviewed, and then selected by a committee. "I'm really looking forward to going to Sacramento," commented Natalie, "because it will be a good opportunity for me to get involved in politics and meet others with similiar interests."

The Student Management Committee was a group of students who served the business ed department. They had a float in the Homecoming Parade, a booth at Culture Evening, and participated in activities to promote their department. "I really had fun helping people get involved in the business classes," stated Darci Young. The members of the committee received points for the activities they participated in, and a certificate of merit for the most points earned.

"The Cream Of The Crop!"

Every year Point Loma awards seniors honors for outstanding achievements. The Bank of America awards were given in general and specific fields. Seniors who were well rounded, in addition to achieving high scholastic grades, and had demonstrated qualities of leadership were chosen. The general field winners were Leslie Klumpp—Liberal Arts; Sean Moriarty—Science and Math; Erick Zucker—Vocational Arts; and Carol Decker—Fine Arts. "I was really surprised to win the award," replied Leslie Klumpp.

The specific field winners were; Kristi Pflugh—Art; Mark Seignious—Drama; David Arney—Music; Foreign Language—Amy Kimball; Jamie Jen-

kins—Social Studies; Jay Skidmore—Laboratory Science; Scott Rusk—Math; Robin Wirick—Business; Joanne Oslar—Home Economics; Stanley Lowe—Trades and Industry.

National Merit semi-finalist were chosen on the basis of SAT scores and high grades. They had to score in the top half of 1% on the SAT. The semi-finals were Brian Coburn, Lesley Klumpp, and Bonnie Martin. "I am very proud to have been chosen and I'd like to thank everyone who helped me," Bonnie Martin stated.

The Pete Ross award is made annually in memory of the first principal of Point Loma High School. It is in honor of the graduating boy or girl having the highest scholarship record. This year's Pete Ross awards were given to Jamie Jenkins, Lesley Klumpp and Robert Riedl. The members of the Ross family provided a memorial shield for each winner with their name engraved. Robert Riedl quoted, "It is an honor that I've been working forward to a long time!"

For the first time this year the PL spirit committee gave awards each quarter to two students who helped promote good will on campus. The winners also helped to promote enthusiasm at the school, painted a pointer dog in the gym, PL on the bleachers, and made plans for a victory Flagpole. The committee worked hard to make Point Loma a more comfortable and pleasant place to be. The first semester winners were John Howard, Carol Decker, Singli Salino and Richard Marsilino.

Alma Mater

Here's to you, Point Loma High School
Lifting high our voice in praise,
We'll honor thee, and loyal be
Throughout all our days.
Spread far the fame of her fair name,
Wave again the dear old banner;
Unto blue skies we proclaim
Hail, Point Loma High!!!
